

A Digital Destination for Your Senior Project

The Kennedy Library is launching an institutional repository service called DigitalCommons@CalPoly (<http://digitalcommons.calpoly.edu>). This repository will deliver scholarly work by university faculty and students to users online. Content contributed to the repository will be searchable from Google and other search engines.

If you would like to participate in the pilot phase of this service, do the following:

1. Fill out the Student section below.
2. Get your Faculty Advisor's signature below.
3. Fill out the Contributor portion of the attached non-exclusive license.
4. Submit these completed forms with a digital version of your final advisor-approved Senior Project to **Sheryl Frisch, Visual Resource Specialist (Dexter Rm 141 / sfrisch@calpoly.edu / 756.2078)**. She will then forward the digital projects to the library. You will be notified when your work has been uploaded for public use.
